This Form 99 Submission is in response to the Commission's letter dated April 18, 2016 regarding the Committee's 2015 Year-End Report. The contributions listed with mailing addresses outside the United States were received through the Hillary Victory Fund. The Hillary Victory Fund has assured the Committed that they have thorough procedures in place to confirm that all contributions are made from permissible sources. The payment of \$1,891.00 from ""Nunn Victory Fund"" was the final payment forwarded to the Committee from the Joint Fundraising Committee to distribute the final net amount. We did not receive any additional contributor information with that transfer. The negative entry for Telegration Associates was an adjustment to the reported debt owed. After numerous attempts to contact the vendor, it was finally determined through correspondence with them that Debt was reported incorrectly. Balance due was paid via previous payments to the vendor in 2014.
